It's a relationship.

Building Notes/Property Details:

Our ForeFront Conference Center is located a convenient 20 minutes from Logan airport in Boston, and provides a great environment for your company conferences, training and corporate meetings. Whether you're planning a full day conference or a series of half-day seminars, we can provide you with an attractive, functional setting as well as all the technical and business support you need.

We offer a variety of rooms at the ForeFront conference center, ranging from small meeting facilities and studios offering private meeting space for groups of six to a dozen people, up to and including our largest meeting space, our presentation room, which can seat up to 150 people, depending on the seating arrangement you choose. We will configure the seating plan to your special requirements, including break-out sessions or computer labs, and help you choose the space with the appropriate capacity for your event.
